

Thank you for registering for the **Adobe Certified Professional: ColdFusion** workshop on Wednesday, October 4, 2023 at the Mirage in Las Vegas, NV.

You can now log in to the [Adobe Credential Manager](#) and create your profile in order to take your exam. **Please create a profile before the workshop as you will be unable to take this exam without a completed profile.**

- **Voucher validity:** If you are unable to take the certification exam during the workshop, your voucher code is valid until **October 1, 2024**.
- **Exam Scheduling Guide:** If you do not take the certification exam at the workshop, step-by-step instructions to schedule your exam can be found [here](#).
- **Technical requirements:** Please note that the Adobe ColdFusion certification examination is open book. Therefore, the rules related to study material, paper, notes etc. do not apply. You may have notes, online and offline study materials and papers and pens with you. Also, you may open the Adobe ColdFusion application. For the rules and requirements around taking an online proctored exam, please see the following Spark pages: [PSI](#) | [Examity](#).

If you have any questions, please feel free to write to us at [ACPColdFusion@Carahsoft.com](mailto:ACPColdFusion@Carahsoft.com).
